

Wirelessly control outdoor outlets by simply plugging in.

WWP30CCV2

Help customers take comfort in the convenience of controlling their outdoor lights or appliances, from any smart device, anywhere. Or they can just ask Alexa or Google to turn it on for them.

Ideal for residential, as well as light commercial applications, the Smart Outdoor Switch with GFCI is a simple solution for extending safe, smart home control to patios, decks and pool areas. In the app, use this switch to include outdoor lighting, or other appliances like fountains, in the creation of scenes or schedules. Plus, it includes automated options for energy savings, while offering reliable, code-compliant ground fault protection for customer safety.

Combining classic design and advanced functionality, with simple connection among existing smart home solutions using a home's wireless network, this outdoor switch, as well as all Smart Lighting devices from the radiant® Collection, let your customers control power or set the exact lighting they want – when and where they need it.

Note: English/French Canadian Packaged version is P/N WWP30CACCV2

FEATURES & BENEFITS

- **Control outdoor lights from smart phones and tablets with the Smart Lights app. Even schedule lights to turn on/off automatically, create groups or set scenes.**
- **Works with a home's existing secure Wi-Fi network (WPA2) and connects easily with other smart devices.**
- **Powers up to three outdoor lights or devices simultaneously.**
- **Perfect for holiday lights, pond pumps and other outdoor power needs.**
- **Installs easily, no wiring required. Simply plug in to an existing electrical outlet.**
- **Just ask Amazon Alexa or Google Assistant to turn on the outlet.**
- **Protects against shock caused by ground-fault occurrences. Unlike breaker alternatives, GFCI protection at the device make it easier to fix trips with a convenient reset button.**
- **First of Smart Outdoor device to offer the safety protection of GFCI for added peace of mind.**
- **Designed with weather-resistance for use in outdoor locations such as decks, patios and pool areas.**

NOTE: Requires adequate Wi-Fi signal where it will be placed

COMPLIANCE

 cULus Listed, UL916. File E495025.
