

T-HANDLES, LLTH

This T-handle will allow the enclosure to be easily opened and limits access to unauthorized personnel through the different locking options.

FEATURES & BENEFITS

Feature: T-handle for floor standing enclosures

Advantage: The handle replaces the standard floor standing enclosure lock and offers different compatible key options

Benefit: The handle allows the door to be opened easily while limiting access to the enclosure via the different key options; locking handles with compatible keys may be selected based on the specification set by the end user

Comment: Due to the number of different key configurations, some are available as standard; others are available on request

SPECIFICATIONS
