

# KAD Identification Guide

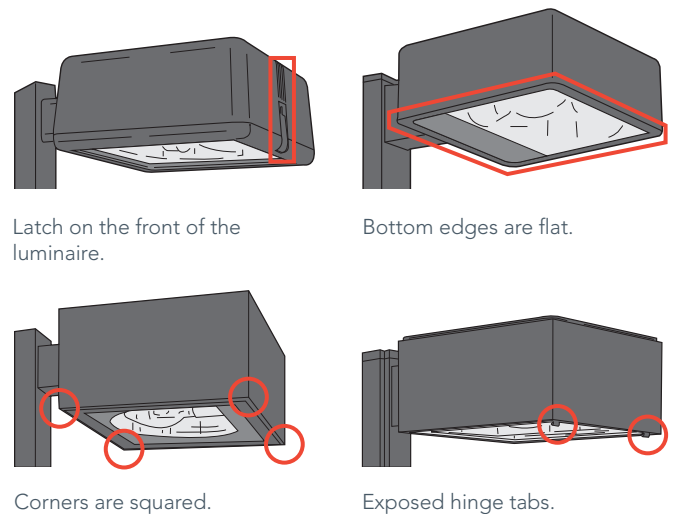

The **KADR-LED retrofit door upgrades any existing KAD HID luminaire** into a high performance LED solution with paybacks as low as three years and energy savings of up to 70%. Installation of the KADR-LED can be completed in as little as three minutes! Use this identification guide to determine if your current luminaire is a KAD HID from Lithonia Lighting and can be retrofitted to LED using the KADR-LED retrofit door.

## Characteristics of a KAD HID Luminaire

## Characteristics of Non-KAD Luminaires

**If the luminaire is not a KAD HID** from Lithonia Lighting, the KAD-LED complete luminaire is the right solution for upgrading to LED.
