THE HEAT IS ON!

The Orléans provides a rise in temperature 25% times faster than any other convector on the market.

SO DISCREET

A convector that is 30% slimmer than its competitors.

DESIGNED & MANUFACTURED IN CANADA

The Orléans was designed and manufactured by Canadians for Canadian winters.

CUTTING-EDGE TECHNOLOGY

The Orléans is available with a built-in thermostat connected to the ZigBee protocol. It can therefore be integrated into your smart home.

CONTROL

*Three years on electronic components
