

EvoKit

EVOKIT ACCESSORY EARTHQUAKE CABLE 317MM

The Philips EvoKit LED Retrofit is the ideal solution for switching from linear fluorescent lighting to an LED solution. This system is designed to be affordable, long lasting, and produce the quality light typical in Philips LED systems. The EvoKit, at efficacies up to 110 lumens per watt, produces enough light to replace most traditional fluorescent troffers, while consuming significantly less energy.

Product data

Product Data		Numerator - Packs per outer box	
Order product name	EVOKIT ACCESSORY EARTHQUAKE CABLE 317MM	500	
EAN/UPC - Product	781087134894	Material Nr. (12NC)	929000719113
Order code	929000719113	Net Weight (Piece)	5.000 g
Numerator - Quantity Per Pack	1
