Features + Specifications

Intended Use:
- Building interior/exterior
- **Ø4"** Ceiling recessed mount
- Low profile design, IC rated
- Ideal for Residential + Light commercial use
- Wet location ceiling mount (CSA location 3)

Construction:
- Die cast aluminum one piece trim/reflector
- Trim powder coat painted low gloss white
- Low profile clear specular reflector ring
- PMMA frosted opal lens

Optical System:
- High brightness Samsung LM561B SMDs with LM80 certificate **5.4W**
- ***WW30** = 3000K CCT, **750 lumens** minimum with 80+ CRI
- Optional CCT color WW27 also available (This CCT might require minimum quantities with longer lead time)
- Laminated aluminum PCB for effective heat management
- PMMA frosted opal lens with specular cone for glare control
- 120° symmetrical light distribution
- Ideal for general lighting application
- Fits up to 3/4" thick ceiling materials
- Optional factory installed 1-1/4" thick ceiling adaptor

Electrical System:
- Constant current driver technology
- HPF and High Efficiency circuitry
- RoHS compliant
- Short circuit and Overheat protected
- 120V Line voltage dimmable

Mounting:
- Install directly into ceiling without recessed housing
- Optional mounting template available (order RCL4TP)
