Superior, patented Site-Rite sighting system featuring cast-in, readable markings on the bender heads and a finish that provides for the best visibility in low-light. Choice of aluminum or iron alloy construction provides options depending on the user's preference for feel and weight. Strong, stable square hook design 1-1/2" bender heads both offer the power pedal feature with a larger foot area on the head for greater control, stability and leverage. 1/2", 3/4" & 1" bender heads all have enlarged foot pedals and increased toe room to ensure greater control, stability and leverage
