

2024 Specification Sheet - English

**LONG DESCRIPTION –**

Long Description Marketing Copy

D'VersiBIT[®] starter kit system simplifies process of installing wire or cable inside existing walls. Used for drilling between studs and joists. Can be used with any type of bit with a 1/4" quick change hex such as spade bits, auger bits or drill bits for increased application flexibility. Replace only the bit as it wears rather than entire bit and shaft
