

The Standard Dropout (SDO) offers stronger cable support and creates a seamless transition for your cables over the side of your wire mesh tray without any cutting. This allows you to safely transition your cables as they exit the tray over the siderail while maintaining all the strength and support of your wire mesh.

Features & Benefits

Available in 150 (6") and 300 (12") widths that when used in combination provide options for 6", 12", 18", and 24".

90-degree drop eliminates pressure points while the 3" radius reduces stress on the cables.

Compatible with all Cablofil® Wire Mesh trays by interlocking on the side wires for added rigidity.

Tie-down slots are available to assist and secure the cables as they exit the drop out.

No tray cutting required.

Specifications

General Info

Product Line	Cablofil	Color	Silver
Finish	Pre-Galvanized	UPC Number	800388535923
Country Of Origin	China	Application Sector	Commercial, Industrial
Type	Dropouts		

Dimensions

Product Width US	11.82 in	Product Weight US	1.0 lb
Product Volume US	0.071 cu ft	Product Depth US	4.392 in
Product Height US	2.359 in		

Additional Information

Product Environmental Profile	Yes
