

21, 30 & 42 inch Standard

The Primex SOHO Pro media panel provides a centralized distribution point for the components and services that make today's homes smart.

In addition to the panel's flexible design, a selection of mounting systems makes this panel a convenient, secure, enclosure for installing and distributing broadband service inside the premise.

Features & Benefits

- Large internal space for installation of active, passive, and cable management components
- Standardized mounting hole pattern supports unique Primex Shelf and Universal Mounting Systems for components
- Multiple entry/exit knockouts on top and bottom support microduct and robust cable runs
- Lightweight design allows for easy transport and installation
- Optional key or hex locks available for enhanced security
- ETL Certified to UL2416 Standards
