

On-Q  
Quick Connect RJ25 6-Position, 6-Conductor Telephone Keystone Insert, White, 10-Pack  
Part No. WP3473WH10

This 10-pack of Quick Connect RJ25 6-Position, 6-Conductor Telephone Keystone Inserts is perfect for large-scale installations. Part of the Quick Connect family of products, these inserts support up to three telephone lines and accept an RJ45 plug without damage. Easily terminate all four pairs using the Legrand Punch & Go Tool (AC3400). With 50 microinches of gold on contacts, these inserts ensure reliable and high-quality connections. The QuickConnect termination reduces installation time, making it an efficient choice for your network setup. They are also FCC Part 68 compliant.

## Features & Benefits

Easily terminate all four pairs using the Legrand Punch & Go Tool (AC3400)	50 microinches of gold on contacts
