CHARGELAB **wallbox** ™

Congratulations on your new smart charger!

Choose the appropriate option below to finish installation:

Option 1: My site needs smart charger management capabilities

Your site may be using this charger in one of the following scenarios:

Public charging	Workplace	Multi-family	Hospitality

Your charger comes with a **1-year license to ChargeLab software included**, which allows you to...

- Collect and process payments
- Control charger access & pricing
- Balance your site's power

- Access an easy-to-use driver app
- Receive 24/7 driver and site host support

> ↩ **Flip to the other side to begin activation**

Option 2: My site doesn't need smart charger management

Your site may be using this charger in the following scenarios:

Single-family home charging	Free & open charging	Charging without scheduling	Charging without usage reporting

To enable this option: Adjust the charger's configuration to disable network connectivity. Please refer to the charger documentation for more details.
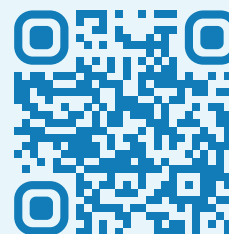

Activate smart charging

Activate ChargeLab and finish your installation!
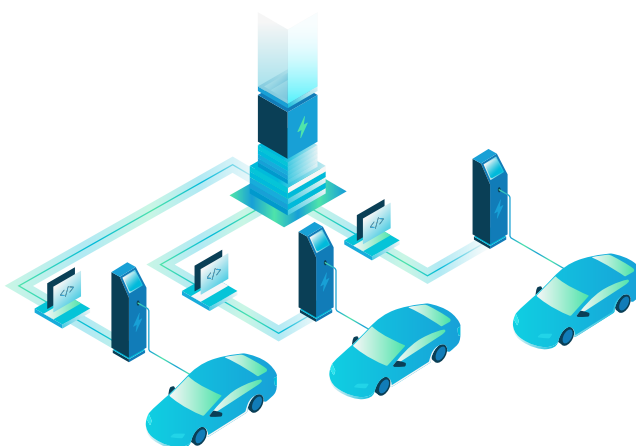

Complete license & warranty activation form

Scan the QR code and fill out the form to activate your **1-year software license** and register your **3-year hardware warranty**.

This form must be completed to claim your ChargeLab software license.

You're done!

We'll send you an email within 1 business day once your charger is ready for smart charging! The charger can be used without smart features in the meantime.
