Data Sheet | Item Number: 2002-406 Jumper; 6-way; insulated; light gray

https://www.wago.com/2002-406

Color: ■ light gray

Electrical data			
Ratings per IEC/EN		Ex information	
Nominal voltage (III/3)	800 V	Rated current (Ex e II)	20 A
Rated current	25 A		

Physical data	
Width	29.5 mm / 1.161 inches
Height	4.1 mm / 0.161 inches
Depth	19 mm / 0.748 inches
Jumper assignment	1-2-3-4-5-6

Material data	
Note (material data)	
	<u>Information on material specifications can be found here</u>
Color	light gray
Fire load	0.021 MJ
Weight	2.9 g

Installation Notes

Commoning

Insert push-in type jumper bar and push down until it hits backstop.

Removing a push-in type jumper bar: Insert the operating tool between the jumper and partition wall of the dual jumper slots, then lift up the jumper. Place the operating tool in the center of jumpers for up to five contacts (see above), or alternately on both sides for jumpers with more than five contacts.

Commoning

Marking with a felt-tip pen.

Data Sheet | Item Number: 2002-406

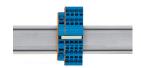

https://www.wago.com/2002-406

Commoning

Stepping down via push-in type jumper bar.

Stepping down via push-in type jumper

Commoning via closed terminal side with end plate allows jumpering over two cross-section sizes, e.g., from 16 mm² (6 AWG) to 6 mm² (10 AWG) or from 6 mm² (10 AWG) to 2.5 mm² (14 AWG) (see illustration above).

Stepping down via push-in type jumper bar:

Commoning via open terminal side with end plate allows jumpering over two cross-section sizes for 16 mm² (6 AWG) and 10 mm² (8 AWG) and one cross-section size for 6/4/2.5 mm² (10/12/14 AWG). An example: from 16 mm² (6 AWG) to 6 mm² (10 AWG) (see illustration above) or from 10 mm² (8 AWG) to 4 mm² (12 AWG).

Note:

The total current of the outgoing circuits must not exceed the nominal current of the step-down jumper/push-in type jum-

Subject to changes. Please also observe the further product documentation!
