

WORKWEAR

2023

JOBSITE BUILT. CONQUERS REAL WORK.

Our mission is to outfit the professional trades. We take pride in developing ground-up, purposeful, user-driven apparel solutions that can be trusted & will outlast the job. We understand apparel worn onsite is just as important as the tools used to get work done. We stand committed to solving frustrations in comfort, movement, & protection from the elements to ensure the highest level of productivity is achieved every day.

JOBSITE BUILT. CONQUERS REAL WORK.

WORKSKIN™

Staying dry and comfortable while working is critical for productivity. MILWAUKEE® WORKSKIN™ solutions include cold and warm weather garments engineered to regulate temperature. Custom yarns and fabrics, designed to be worn next-to-skin, accelerate sweat wicking to stay dry. These performance layers are developed in collaboration with feedback from real users across the trades through continuous jobsite research.

BUILT TO FIGHT SWEAT.
TRADE FOCUSED.

FREEFLEX™

Movement is essential on the job. MILWAUKEE® FREEFLEX™ workwear is designed to provide enhanced range of motion with materials that are purposefully engineered for stretch and flexibility. Custom construction features, such as gussets and seam design, enable users to move freely and comfortably while working. These technical movement garments are developed in collaboration with feedback from real users across the trades through continuous jobsite research.

BUILT FOR MOVEMENT.
TRADE FOCUSED.

GRIDIRON™

Surviving the demands of the jobsite is hard work. MILWAUKEE® GRIDIRON™ workwear is engineered for best-in-class durability without sacrificing on mobility and comfort. Designed with long-lasting fabrics and intentional reinforcements in high-wear zones, GRIDIRON™ workwear is BUILT TO SURVIVE. These hard-working garments are developed in collaboration with feedback from real users across the trades through continuous jobsite research.

WORKSKIN™

LIGHTWEIGHT PERFORMANCE SHIRT

(SHORT SLEEVE + LONG SLEEVE)

Our WORKSKIN™ Lightweight Performance Shirts are designed for tradesmen who need their next-to-skin layer to dry fast, keep them cool, and protect them from harmful UV rays. These high-performance work shirts are made from moisture-wicking fabric that helps you stay dry, while the 100% polyester material dries fast and resists wrinkles, unlike standard cotton base layers.
