

Head Light

Part# 54075

USB Rechargeable LED Headlight

USB rechargeable so you never have to worry about buying more batteries.

Features:

- Three Modes: Bright, dim, and strobe.
- Run Time: 5 Hours
- Max Output: 150 Lumens

PULSE TRACER

Part# 99030

The Most Affordable Circuit Tracer on the Market

Instantly creates a visual and audible pulse when plugged in to identify circuits.

Features:

- Use a clamp meter to detect the variance in current at the panel for easy circuit identification.
- Rated 120V/15A.
- Gator clamp, adaptors, and bulb included.

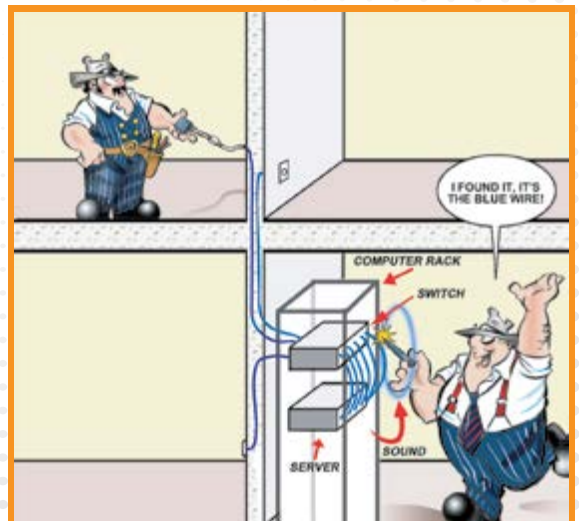

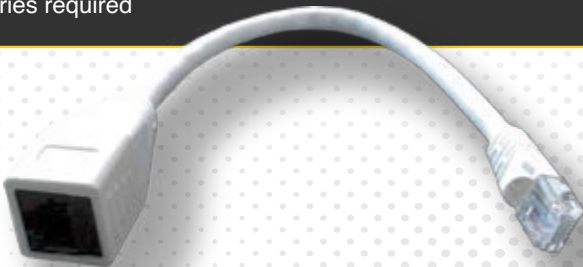

Tracer Wizard Toner Adapter

Part# 99060

Turn your analog toner into a digital toner with the Tracer Wizard! It allows a live Cat 5/Cat 6 cable to be toned out with an analog tone generator without having to unplug cables from a switch in the network room. A great economical option!

Features:

- Devices DO NOT have to be taken offline to listen to the tone on the wire
- Locate cables fast, easy and problem free
- No batteries required

Turn Your Analog tester into a digital one!

ELECTRICIAN'S EDGE PRO TOOL BELT DESIGNED FOR ELECTRICIANS BY ELECTRICIANS

This tool belt is designed with electricians in mind, combining efficiency and comfort for daily tasks. Its multiple pocket pouches keep tools and accessories within easy reach, eliminating the need to constantly climb up and down ladders. The wide-back design evenly distributes weight, preventing discomfort in your back and hips, while thick, air-channeled padding improves ventilation to keep you cool during long workdays.

Available in sizes 26" - 54".

For Part #'s and size chart see Rack-A-Tiers.com

ELECTRICAL TAPE HOLDER

No other tool belt offers this unique electrician-specific feature.

The quick-pull electrical tape holder easily clips onto most tool belts or accessories. Also sold separately.

Part# 43510

Metal Clips

Reinforces hold on waist along with hook and loop.

Hammer Loop

Foam padding with air channels for ventilation help.

Accessories Pocket Pouch

Keep fasteners, wire nuts, and anything else you need within reach.

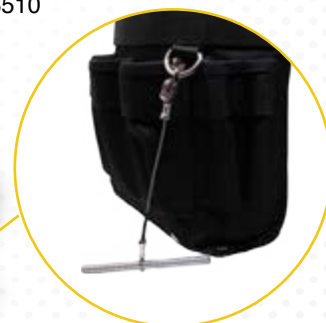

Tape Measure Clip

Multi-use clip that can hold your tape measure or drill.

Magnetic Strip

Built onto the outside of the pouch.

Tool Pocket Pouch

Holds all your hand-tools without weighing you down.

Molded Air-Channel Suspenders

Electrician's Suspenders

Made with thick foam pads, so they sit comfortably on your shoulders all day. Stay mobile and keep your equipment secure.

Features:

- Leather crossover divider.
- 2" wide adjustable nylon straps.
- Our popular padded suspenders easily clip onto the sturdy metal rings that are built into our tool belts using heavy-duty spring hooks.
- The padded shoulder straps make these the ideal set of suspenders for your tool belt rig.

Part #43517

BUTT POUCHES

POCKET TOOL HOLDERS

These tool pouches hang from your pocket, so they are quick to put on and comfortable to carry.

Available in 2 sizes:
Grande and Mini

Features:

- Made of durable ballistic nylon.
- Lightweight to reduce strain.

Mini
Part# 43015

Grande
Part# 43095

SNAP SACK

Part# 43150

CANVAS/LEATHER TOOL APRON

ROUGH-IN APRON WITH LEATHER LINING

Most tool aprons are canvas, which can't handle sharp items like screws and staples—especially in sensitive areas! For comfort, durability, and protection, choose the Snap Sack. Its leather lining keeps you safe from pokes, jabs, and shanks on the job!

Features:

- No strings to tie or untie.
- Clip to your belt loops with the carabineers.
- Leather liner helps protect from damage and poke throughs.

TIE LIPS

Part# 43800

CABLE WRAP HOLDER

CABLE TIE HOLDER THAT HOOKS ONTO YOUR BELT

Spend more time installing and less time picking up your zip ties off the ground. The Tie Lips cable tie holder will snugly hold your cable ties conveniently on your belt.

Features:

- Easy slip-on belt clip.
- Easy and quick access to ties.

Part# 43760

SPECIAL EDITION

CUSTOM WRAPPED HARD HAT

MSA V-GARD CAP-STYLE HARD HATS

Limited time release. The MSA V-Gard Helmet, distinguished by its iconic "V" design, is globally recognized for its comfort, quality, and durability. Since its introduction, MSA has sold over 100 million V-Gard Helmets, making it a staple on the toughest worksites.

Features:
