- NEMA Partner

Power Where You Gather.

Rooftop Decks, Food Trucks, Tree Lighting, Concerts, Parks, Maintenance

Imagine an outdoor space alive with energy—friends laughing over cocktails on a rooftop, a fitness class moving in rhythm with the music or crowds drifting between food trucks as tree lights glow overhead.

Every detail shapes the experience: the atmosphere, the movement, the connection and the feeling that the space is designed for people to celebrate and enjoy.

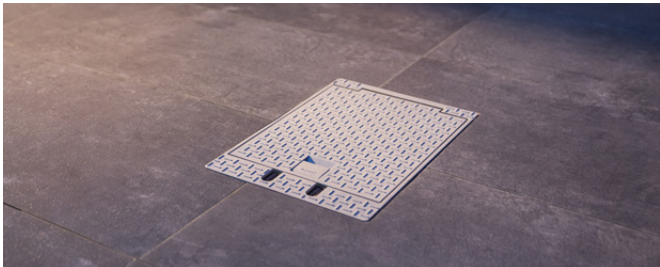

Rooftop Box

- Slip-resistant for rooftop safety
- Protected power while in use
- Sits flush with rooftop pavers
- Built for heavy drink/food cart loads

Only rooftop box on the market.

Ground Box

- Multiple power options for changing vendors
- Quick cable access with guided egress
- Blends into grass, pavers or concrete
- Natural finishes for shared spaces

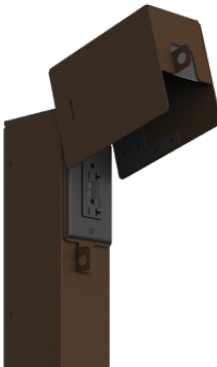

First UL Listed While-In-Use Ground Box on the market.

Power Pedestal

- High amperage for food trucks
- Surface mount or direct bury install options
- Discreet design
- Tough build

Highest amperage on the market.

Power Where You Play.

Stadiums, Sports Fields, Event Venues

Friday night lights. Roaring crowds. Outdoor concerts echoing across a summer sky.

The moments that bring communities together rely on rugged dependable power – even when it's out of sight. We keep your outdoor space connected, supporting the music, the games and the memories that last a lifetime.

Power Pedestal

- High amperage power that keeps game day moving
- Handles high-demand event loads
- Built for constant public use
- Weather-ready for year-round venues

Ground Box

- High amperage power for large events
- Supports power, A/V and communications
- Flush-mounted to keep walkways clear
- Auto-locking egress door for public safety

Proven Under Pressure

Survived Hurricane Harvey and 53 inches of water.

WATCH IT SURVIVE

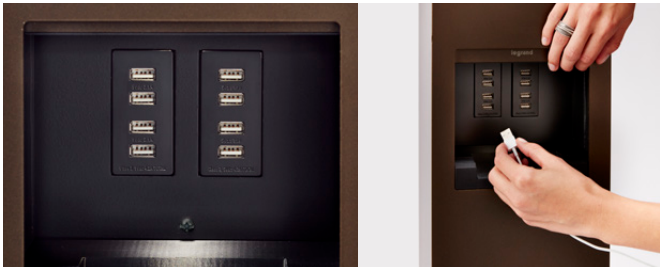

Power Where You Work.

Education Campuses, Corporate Workspaces, Public Spaces

Students studying in the quad. Professionals settling into an outdoor workspace. Friends relaxing on a campus lawn. Others hustling to their next class or taking calls between buildings. Whether people are staying put or on the move, they expect power to keep up.

Our solutions bring convenient, accessible power to every part of your exterior spaces. People love being outside—and now, all the power they need is right where they need it.

Outdoor Charging Stations

- 2- or 3- Gang Options
- Warm or bright light
- Premium finishes
- Multiple heights

Power Where You Explore.

Parking Garage, Hotels, Shopping Centers, Education Campuses,
Home Garages, Multi-Dwelling Units

Adventure thrives on freedom, and
freedom starts with power.

Our solutions give you the confidence
to venture beyond the ordinary, keeping
you connected and powered no matter
where the path leads. Built for the
outdoors, designed for your journey—
because your next adventure deserves
the freedom to go farther.
